FIFTH SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

MAIL STOP: AMENDMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Commissioner:

Supplemental to the Information Disclosure Statement filed on May 24, 2006, the Supplemental Information Disclosure Statement filed on March 5, 2008, the Second Supplemental Information Disclosure Statement filed on July 10, 2009, the Third Supplemental Information Disclosure Statement filed on June 14, 2010, and the Fourth Supplemental Information Disclosure Statement filed on September 9, 2010, Applicants wish to bring to the attention of the Examiner that in Applicants' May 24, 2006 Information Disclosure Statement it was incorrectly indicated

that *FR 2 804 038* corresponded to *JP 2000-017363* which was cited in the International Search Report and an English Abstract of *FR 2 804 038* was incorrectly provided as an English Abstract of *JP 2000-017363* along with a copy of *JP 2000-017363*. Accordingly, Applicants submit herewith another copy of *JP 2000-017363* along with a correct English Abstract of same.

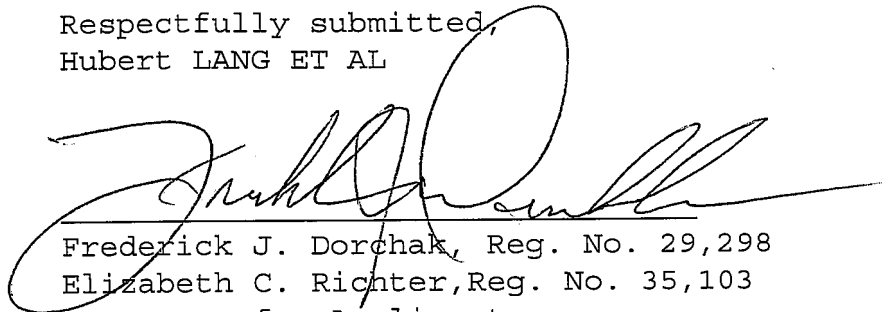

In addition, Applicants have listed on the accompanying Form PTO-1449 *U.S. Patent No. 6,596,412* to *Mergen* which is believed to be the English-language equivalent of *WO 97/22725* which has been made of record by the Examiner. *WO 97/22725* was discussed in the specification and cited in the International Search Report. A copy of *U.S. Patent No. 6,596,412* is not enclosed pursuant to current U.S. Patent and Trademark Office guidelines.

Because this Fifth Supplemental Information Disclosure Statement is being filed subsequent to an Office Action on the merits, the Commissioner for Patents is hereby authorized to charge the fee for filing this Fourth Supplemental Information Disclosure Statement to our Deposit Account No. 03-2468. Please charge any additional fees or credit any overpayment to our Deposit Account No. 03-2468.

It is respectfully requested that the foregoing Fifth Supplemental Information Disclosure Statement be incorporated into the official file of the present patent application.

Respectfully submitted,
Hubert LANG ET AL
